Customer Reviews

This goes well with our first grade ancient studies, and helps make mummies less scary as a bonus. We're garnering quite the collection of DK readers because I know I can trust them to produce easy-to-digest non-fiction with interesting facts. Recommended.

i saw this book in a school book order and i thought it looked interesting so i bought it and it was great. i liked the story about Tutankhamun curse it was really cool. i also liked when they swoed you the steps in making a mummy. anybody should read this book.

My 3rd grader loved this book. He was curious about mummies and this book provided detailed text,

and some images. I read some of the book to him, and some of it with him due to his learning disability he wasn't able to do it all on his own. Good deal.

I don't understand why this book is so short. Just as you get into it ,it finished .I enjoyed it but what a let down!!
