The Power Of A Praying® Woman

Synopsis

Stormie Omartian's bestselling *The Power of a Praying Woman*® series (more than 28 million copies sold) is rereleased with fresh new covers and new material to reach a still-growing market of readers eager to discover the power of prayer for their lives. It may seem easier to pray for your spouse, your children, your friends, and your extended family, but God wants to hear your requests for your life too. He loves it when you come to Him for the things you need and ask Him to help you become the woman you have always longed to be. *The Power of a Praying Woman*® is just for you. You'll find personal illustrations, carefully selected Scriptures, and heartfelt prayers to help you trust God with deep longings, not just pressing needs. Cover every area of life with prayer, maintain a right heart before God. Each chapter concludes with a prayer you can follow or use as a model for your own prayers. Women of all ages will find hope and purpose for their lives with *The Power of a Praying Woman*®.

Customer Reviews

I would definitely recommend this book to any woman who is seeking a deeper more meaningful

relationship with God. This is an excellent book for encouragement and inspiration. Many of us are in a "Shallow Walk" with God, however this book along with the willingness to open up your heart to God's Holy Spirit will definitely change you for the better. I was skeptical at first about reading this book. I thought it was just another one of those "This is my opinion Religious Fanatic Books" But to the contrary it was the total opposite. Stormie hit the nail right on the head. She reminds us that all that we need, want, and desire in our lives as women walking with God, can only be obtained through God! She also gives us helpful and very useful prayer guides and prayers as well to help assist us with the opening up of our Hearts to obtain God's Blessings. It grabbed my attention from the moment I opened it up and I can definitely say that it has helped me with my walk with the Lord. Reading her book is like having my own personal prayer partner by my side. I hope she continues to do such Great Works for The Lord and for all of us who are attempting to be more like him. Now here's the really good thing. I'm not an Avid reader but my church has a book club and this book was the book of the month. On that day I was torn between making a free will offering or purchasing Stormie's Book. Needless to say I truly believe I made the best decision for me at that time. I just could not put down! I took it to work, I read it on my break, and I could not wait to share it with my Mother & Sisters. This book was truly a Blessing!

This book is excellent and will open your mind and show you what the bible has to say about the struggles facing women today. For example, this book addresses topics such as releasing negative emotions, God's desire to prosper us, healing, friendship, etc. etc. In her chapter about friends, she identifies certain signs of unhealthy friends. In her chapter about wisdom, she lists the benefits of seeking and obtaining wisdom as stated in the bible and the actions of a wise woman. She talks about controlling your words, praying for protection of your friends, how serving God will actually lead to living our your destiny and many other topics relevant for today. This book is written in a way to encourage actual application of Stormie's insights. It is divided in short, readable chapters, with a prayer and relevant verses at the end of each chapter. This book can be read in any order as each chapter contains a stand-alone topic. While this book is presented in a very reader friendly format, the reader should not fly through this book. Rather, this book is extremely useful for daily devotions and life application. Each segment is useful for meditation and the verses set out at the end are empowering when memorized or frequently reviewed. I have used this book as a daily devotional and have found that consistent application of the teachings set forth in this book will change your life.

The study guide is an excellent addition to the book by the same name. I am currently reading the book and following along in the study guide as a Bible study with a group of ladies at church. This guide has helped the entire group with knowing how to pray for our adult children and has led to some interesting discussions. This book and guide were brought to my attention at the perfect time in my life, as I was already praying for my adult children, but felt like it was flat. I didn't know how to put into words exactly what I was feeling. The guide has some thought-provoking questions about how we feel about the subject. It will get you thinking, writing, and digging to a new spiritual level on this particular subject.

5 Stars...did you hear me? * * * * Stars! I LOVED this book. I've read the Power of a Praying Wife before this and was expecting this book to be very similar. Now don't get me wrong, the Power of a Praying Wife is also a very good book, but this book, this book breaks the mold. It's so much more. Stormie Omartian goes to the heart of the woman's soul and speaks to the very things that I think women all struggle with. This is probably the best supplemental book to the Bible that I have ever read. I really don't know how else to praise this book. Get it! Get it! Get it! And then read it and read it again. I took this book slowly. My goal was to read this book one chapter per week in order to allow myself time to really soak up the information. My personal experience in doing it this way was that the exact thing I was struggling with and needed to read happened to come up in the exact week that I needed it. I can't say anything more about it. This book has transformed my prayer life. Seriously, check it out.

I read this book 5 years ago and it is a wonderful source of inspiration and direction. Just this month, I started a group study of it and everyone loves this powerful book for women. Stormie is an author who writes for others and uses her own experiences to enhance it. Very enlightening. I highly recommend it. Elaine

This is the first Omartian book I have read, and I love it. The breakdown is short easy chapters, so I can read a few minutes and still cover a topic. Great advice and insights are on every page. I also plan to use it as a reference/refresher when I need advice.
