Customer Reviews

I homeschool my kids and every two weeks we do a different country, since we recently started with Africa we are starting to Morocco. I love this little book, it is only 24 pages and meant for kids in primary (elementary school.) My first grader can read it with some help. Each pair of pages has a full color photo and then a page of text about some aspect of Morocco (weather, languages, the Berber, Islam, celebrations, etc.) Nicely done. On a side note, if you want a cute fictional story to go with this little fact book I'd recommend *The Street Cats of Marrakech*.
