Study Guide For 1Z0-144: Oracle Database 11g: Program With PL/SQL: Oracle Certification Prep

Synopsis

This Study Guide is targeted at IT professionals who are working towards becoming an Oracle Certified Associate in the PL/SQL developer track. The book provides information covering all of the exam topics for the Oracle certification exam: "1Z0-144: Oracle Database 11g: Program with PL/SQL". The books in the Oracle Certification Prep series are built in lockstep with the test topics provided by Oracle Education's certification program. Each book is intended to provide the information that will be tested in a clean and concise format. The guides introduce the subject you'll be tested on, follow that with the information you'll need to know for it, and then move on to the next topic. They contain no drills or unrealistic self-tests to bump the page count without adding value. The series is intended to provide a concentrated source of exam information that is compact enough to be read through multiple times. This series is ideal for experienced Oracle professionals that are familiar with the topic being tested, but want a means to rapidly reinforce their existing skills and bridge any gaps in their knowledge. It is also an excellent option as a second source of information for candidates pursuing certification.

Book Information

Paperback: 178 pages

Publisher: CreateSpace Independent Publishing Platform; Stg edition (July 10, 2012)

Language: English

ISBN-10: 1478217995

ISBN-13: 978-1478217992

Customer Reviews

Oracle Certification Prep is a book meant for someone like you who has taken a course on PL/SQL and is preparing to take the Oracle PL/SQL exam. In order to know how effective this book is, it will be important for you to know the exact aspects that make it worth buying. The book is precise, easy to understand and portable--PrecisionThe presentation of the materials in the book make it easier to recall what had been learned in the course. The table of content is chronologically arranged

according to the exam content provided by the Oracle University. This makes it easier to revise for the exam without missing out anything you need to know. As a preparation book, Oracle Certification Prep helps to provide a concise revision, thus reducing the time to revise, especially for those who might prefer to retain just what is needed for the exam. After taking the PL/SQL course at school, there is no need to make revisions with other voluminous class text books, since this book already has the necessary information needed to prepare. The precise nature of the book is visible in the organization of the table of content such that it reflects the exam content requirement set as standard by the Oracle University, which is in charge of setting the exam.--Easy to UnderstandThe simplified grammatical presentation of the book is another aspect that makes easy understanding possible. Written in the English language, which is the predominant language for students in the USA, this book has simple sentences that make it easy to comprehend the main idea behind every PL/SQL programming technique. The sized of the characters and fonts make it easier to grasp and memorize some key points that need special attention.
