## Customer Reviews

I have bought a few of these DK kindergarten books for my daughter since I homeschool. We love the books. They are very educational and work great as supplement material. The only thing my daughter and I do not like about them is that the pages are slick and very hard to erase once written on. If these were regular pages I would give 5 stars.

There is not enough practicing on individual letters. The book jumps into writing multiple letters and jumps around in the alphabet. I'm having to print out handwriting sheets off the internet right now.

Hopefully we will be getting back to this book soon!
