I read the paperback edition of the 1st Harry Potter book in French twice over the past 5 years. The 2nd time was recent and my reading French is now good enough that it took fire - I understood enough that it was much more of a pleasure than a painful task. Your French has to be of a certain level for this to work. I'd say intermediate-advanced. After quickly finishing the 1st paperback edition, I decided to try the Kindle edition of *La Chambre de Secrets* on my iPad (iOS6). The purchase process is, I must admit, slightly confusing: you are directed to Pottermore to complete your purchase then you can download to a target device - I choose Kindle device I think. The process is not that difficult - simply a little different than the direct downloading. The absolutely awesome thing is that once I downloaded *Chambre de S.* and tapped on a word I didn't know, an amazing surprise - something like "dictionary unavailable - would you like to download it?" popped up. (must note that my iPad is set-up with French as the language in system prefs. I don't know if this was necessary or not) With a WiFi connection, you can download for free the French-French dictionary (French-French! NOT French-English). Also selecting an unknown word also gives you links to check the word/phrase in Wiki French or google.fr. Sometimes these are helpful - sometimes not. So IF your knowledge of French is fairly advanced - or maybe very advanced, this can be a wonderful experience for an adult. The books themselves are captivating. I find the vocabulary quite challenging. Perhaps it really is 4th grade, but there is quite a bit of vocabulary I had not

experienced. I am currently plowing through le prisonnier d'azkaban (significantly longer) and thoroughly enjoying that one as well.
