My son loves this phonics workbook! They did a great job of including lots of different activities like

writing practice, drawing lines between rhyming words, circling words with the same sounds, circling the same letter in each word, etc. I'd definitely recommend it to families of kindergarten or pre-k students who want to work on phonics more at home or are homeschooling! I received a free copy of this book and several other spectrum workbooks to review on my blog and you can read my full review here if interested:

<http://crunchyconservativemommy.blogspot.com/2014/11/spectrum-workbooks-from-carson-dellosa.html> I was not required or even asked to review this book on as part of that agreement but chose to do so anyway!

Working with a new kindergartener on this. He enjoys it and it is setting the stage for his teacher doing similar activities in class. I like those two facts a lot!

I like these books but they aren't challenging enough for my daughter who is 4 years old. I have opted to save it for when my 6 month old gets to be 3 years old.
