# How To Use A Dictionary/How To Use A Thesaurus: 48 Fun Activities For Students Learning Dictionary And Thesaurus

## Synopsis

The key elements of the dictionary and thesaurus are explained and demonstrated in 26 engaging lessons, providing kids with the tools they need to better understand and use the English language. Designed for use in the classroom or at home, this volume describes how each book works and provides illustrative examples. Exercises which require the student to use a dictionary and a thesaurus follow, reinforcing each lesson.

Language: English

ISBN-10: 1892859467

ISBN-13: 978-1892859464

Product Dimensions: 10.8 x 8.5 x 0.2 inches

Shipping Weight: 12.6 ounces

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (2 customer reviews)

Best Sellers Rank: #504,889 in Books (See Top 100 in Books) #13 in [Books > Children's Books > Education & Reference > Reference > Thesauri](#) #115 in [Books > Children's Books > Education & Reference > Reference > Dictionaries](#) #5266 in [Books > Reference > Dictionaries & Thesauruses](#)

Age Range: 7 and up

Grade Level: 2 and up

## Customer Reviews

The book is full of MANY types of activities and introduces dictionary concepts and terms in a logical progression. Students could even use this book self-guided. Pages are perforated but also photocopy well. The only problem is that answers in the answer key were arrived at using Webster's New Explorer Student Dictionary (published by Federal Street Press in cooperation with the editors of Merriam-Webster). Students using other dictionaries may come up with answers which do not match the answer key, but are still correct! As long as you know this ahead of time, this should not be a problem. I used this book with an adult literacy student who was reading at around the 4th grade level. I highly recommend this book to others, whether they are traditional teachers, home-schoolers or adult literacy students. I have used another dictionary skills book (Dictionary Skills Grade 4 by Teacher Created Resources) which I found to be too childish in its appearance

and activities. It also falls behind the Merriam Webster book in its ability to be used by self-guided students.

This is an excellent workbook for my adult literacy students. It arrived promptly. Thank you.
