A great continuation of phantom blood. Still a fun read even for those who have watched the anime. I am glad to finally have it in English and I can't wait for the next volume.

I'm so happy with it! It goes all the way up to the spaghetti battle if anyone was wondering. The pages are nicely printed of course I like to have a physical copy of things so I recommend buying the hardcover! It's well worth it. I read the whole Jojo series online so if you haven't maybe read it before purchasing it? I really enjoyed Battle Tendency because it's fun, fast paced, and the characters are great! I hope this helps somehow.

Great continuation of the work done on the first three volumes. My only complaint is that this one has only 2 colored pages, and (it feels) not as many reddish pages like the first three volumes, but that

might just be me. Other than this, the printing is excellent, the quality is definitely there, and if you're already a Jojo fan, you know how great Battle Tendency is (though I am probably slightly biased here, this is my favorite arc;))

These are great books for this series of reprints. The hardcovers look amazing, the pages are nice and sturdy, and the full-colour sections are printed perfectly. Glad they're continuing to bring over more of the hardcover reprint volumes in English. Definitely recommended.

Jojo's Bizarre Adventure? Fantastic Araki Art?? Hardback Manga??? Fascinating Character Bios at the end of each book???? If you haven't added any of these to your collection yet, you are truly missing out! Let your adventure begin!

Battle Tendency is one of my favorite arcs of Jojo, and Joseph will forever live in my heart as the gigantic dork he ultimately is. This version of the manga does the series absolute justice-- Everything from the beautiful design and art, to the interviews with Araki at the end, and (of course) the story itself. The moment this book plopped into my hands, I swear I had to do a double-take at how glorious it looked and felt. The only thing I really have to complain about is a few little knicks in the cover... Which I don't even really want to call knicks, because they're so small! But other than that, this is a fantastic production that does this series and it's illustrious legacy right in every single way. I'll definitely be getting the second and third editions!

I love the quality of this book. It's a joy to look through. I'm loving reading through Joseph's story.

This is probably my favorite arc in the series. Joseph is such an interesting and likable character. The book itself is very good quality. I am completely satisfied with my purchase.
