I thought I would use this book as a starting place for my kindergartener -- I think he is ready for the parts of speech.It turns out my third-grader is completely captivated -- that's a great book. When the big kid reads it to the little kid, we have a winner.I think the illustrations are simply amazing -- they carry the learning to a much deeper level.Nice that there is an activity at the end of the book for the kids to do.I also recommend verb, pronoun, and noun -- I have all four.

I used this book after teaching adjectives to first graders and before giving a test. The kids loved it and I'm sure it helped to improve their scores.

This is a great book to use when teaching adjectives. I would recommend it to every first grade teacher. thanks

The book was just what I needed only a little pricy for what it is. Although it works for my students.

This book was a big help with teaching children what adjectives are and helping them to "see" the words. The kids loved the book, especially the pictures!!!

The book was fun and informational. Colorful and enjoyable for the kids!
