Coming To Life: Traveling The Spiritual Path In Everyday Life

Synopsis

Here is a non-traditional approach to life that questions the "myth of maturity". Berends stresses that, rather than being so concerned with becoming impressive, self-reliant adults, people need to be aware of an underlying universal force that guides, protects and binds. In becoming spiritually awake, they can find meaning in everything.

Book Information

Hardcover: 189 pages

Publisher: Harpercollins; 1st edition (June 1990)

Language: English

ISBN-10: 0062500627

ISBN-13: 978-0062500625

Product Dimensions: 5.7 x 0.9 x 8.5 inches

Shipping Weight: 13.6 ounces

Average Customer Review: 4.9 out of 5 stars [See all reviews](#) (7 customer reviews)

Customer Reviews

Berends speaks from experience, unlike many authors who just ruminate on the thoughts of others. She speaks of learning to float in Fundamental Mind, as she had learned in a college swimming class to float in water. Neither was easy for her, and she mastered both. She left this record of the process, and suggestions for those who wish to learn the same discipline. I read this book partway through a comparative religion Ph.D. program. Spending five years digging through the midden of human religion gives one a critical eye, and that eye tells me that Berends' book might endure. - Birrell Walsh

Without a doubt, this is one of the best spiritual books I've ever read. It is well written and although written a number of years ago now, is as relevant today as when it was written. Its message of living in, appreciating and discerning the presence of God in the present is as good as anything I've read by others, including Tolle and Dyer. If you are going through a difficult time, I suggest that this book could be a lifesaver. I purchased the book on several years ago on the strong recommendation of a

trusted friend. I read the first chapter almost immediately, but I just finished the book this morning. It is amazing. If you're on a spiritual journey, this book can help chart that path. And again, if you are having a tough time, this book is likely to be particularly helpful. I cannot recommend it more highly.

On a trip to D.C. fifteen years ago I saw the book in one of these round book holders that you can spin around with 20 or more books on it and it stopped on this one, a spiritual book that that seemed interesting. I read it in two days and have it as my special book when I get lost in my world. I want to say that after this book "What more needs to be said" and I honestly feel like that. This mother of two boys has a grasp on the ungraspable spirit which is freeing with no "Must dos or go this way or that or you'll lose" If I had to take one book to an deserted island I'd take "How to build a boat" but if I could take two this one would be it. Everytime I lay it down I feel ok and supported in not knowing what I'm supposed to do. And that is freeing. It's a loving book with no sentimentality I guarantee you. Andy Waits

This is another of the books in my library that I find myself thinking about, and coming back to, regularly. It's just good writing, to begin with, and offers many evocative phrases to help readers name their everyday experiences of the sacred... "Universal firsthand realizations of Oneness" is just such a phrase, regularly confirmed in my daily rounds. A very wise book.
