Synopsis

Now together for the first time... Five sweet, clean, Christian historical romances that celebrate the United States. Step into a day when outlaws ran free, the land was wild, and guns blazed at the drop of a hat. Five plucky heroines risk more than their hearts to each find their happily ever after in the Land that They Love.

Rocky Mountain Oasis by Lynnette BonnerSky Jordan is different from any man she's ever known. However, Brooke Baker has sworn never to risk her heart again. Sold as a mail order bride, she resolves to survive. When Sky hears that his nefarious cousin has sent for a bride, he knows he has to prevent the marriage. Still, he's as surprised as anyone to find himself standing next to her before the minister. Their tenuous hope is shattered when the unthinkable happens. To save innocent lives, she could destroy Sky's. It's a choice too unbearable to contemplate—but a choice that must be made.

Aundy by Shanna Hatfield. Will one mail order bride find the courage to love again? Desperate to better her situation, Aundy Thorsen leaves behind her life in Chicago as a mail-order bride. But the pretty bakery owner and her endless stream of problems keep tugging at his heart. Can Mac set his own plans aside to help? Customer Reviews

Let me say at the outset that I haven't read every story in this set, but I am looking forward to them. I want to say how much I enjoyed Lucy Thompson's contribution, Mail Order Surprise. I like mail order bride takes and Lucy does a wonderful job! This is her debut work and I loved every moment!! Absolutely delightful and very well written. Well turned out characters and an engaging story. Lucy Thompson is one young woman whose books I will definitely look forward to. I definitely recommend this.*I was gifted with a copy of this book by the author in exchange for my review. My opinion is my own and I was not encouraged to leave a positive review.

This was a delightful historical western romance collection of stories about people finding real love after suffering loss, abuse, and many more events that took place in unexpected places where they traveled to. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful group of Authors that kept me spellbound throughout the entire book.

I have only read Rocky Mountain Oasis by Lynnette Bonner, but if any of the other books were as good as that one, I am so looking forward to reading them! I love the clean, christian writing style of Lynnette Bonners stories, This one is definitely a page turner! It had me on the edge of my seat through the whole thing! I would definitely recommend it!

I would like to say this review is for Rocky Mountain Oasis, one of the five books included in this collection, as I have not read the others..... Lynette Bonner transports you to Idaho and the wild west of the 1880's. The story of Sky Jordan and Brooke Baker (who actually was a mail order bride intended for his drinking, no good cousin) Sky could not conceive of a sweet girl wedding his cousin, so he more or less tricked him into selling her to him. Brooke has been abused and beaten all of her life and she cannot trust any man. Sky patiently teaches her that God loves her and all men are not the same. There is mystery, suspense, murder and of course romance and forgiveness in this riveting book. . All in all makes a delightful read.....

My husband and I both enjoyed these sweet stories. I normally do not buy Romance stories, as they are all the same, however these kept our interest all the way. I was afraid they would be too "preachy" but they were not. I would recommend them to myfriends.

I enjoyed reading these books. Some of the events, especially in book 5, were a little farfetched, and book 3 was predictable right away, but they were interesting enough to keep me reading. And with the exception of the book by Lynette Bonner, they could all use some serious proofreading/editing, especially book five. It had so many "a, and, and the's" left out of sentences and words were included which should have been deleted. I will definitely read more books by Ms. Bonner. Don't know about the others.

I've only read Rocky Mountain Oasis, and I loved it!!She might just be a young girl, but Brooke Marie Baker knows about the world, and thinks she knows all about men. Being used by them her whole life, she wants nothing to do with being a mail-order bride. But she is sold to go west by her uncle. What can she do with no family or friends to turn to?Skyler Jordan is a young man who has principles, morals, and a deep love for God. When he finds that his cousin, Jason, has ordered a young woman as a mail-order bride, he feels strongly that he needs to protect this woman. No matter who she is, he doesn't feel like any woman should be left with Jason at any time.Can Sky show Brooke that he is different than any other man in her world? Can he show her the God that

makes him the way he is? Especially in the middle of a murder trial concerning the death of a good friend, and a family conflict with his cousin Jason? Can Jason come back to the faith he deserted in favor of revenge years ago? Or will he continue to self-destruction and kill as his family was killed? Find out when you read this book by Lynnette Bonner, a talented writer and author!!

I loved being immersed in the life and culture of the times. Understanding the everyday hardships and cultural attitudes of the white settlers was enlightening as well as entertaining. I especially appreciate the faith based background, not at all pushy or corny, just present in a quiet everyday way, like He is, in our lives.
