REVIEW: Forest, Heather ANCIENT AND EPIC TALES: From Around the World August House, 2016 âœAs a spoon stops a pot from boiling over, let my words stir your heartâ€” Heather Forest
has gathered tales, and tales within tales, from many different cultures, historical periods and systems of belief in one intriguing collection. Her choices feel motivated by an abiding trust that wisdom and peace can be constantly uncovered in our lives through sharing great stories. The power of a story lays in how it is told, to when it is told, and who hears it. ANCIENT AND EPIC TALES appears at the right moment, written with ease and elegance, and accessible to young and old. Heather Forest is an advocate for humor, kindness, courage, patience, wisdom, spiritual knowledge and love. The offering of fragments of larger stories makes us interested in knowing more about the great oral literatures of the world, and through the meaningful experiences manifest in each tale, our longing itself is activated. Longing to know more, to imagine, and to feel is the very essence of the storyteller’s intention and art. What do we long for if not to be filled with a sense of belonging to the world, engaged and alive. ANCIENT AND EPIC TALES provides a storied manual for how to be a human being, in a diverse world with a long history, in troubled times, in the present. The most symbolic or fantastical tales that endure are always about us human beings; how we function in the world in relationship to our minds and hearts, each other, nature, spirit and the world around us. Heather has reached back to some of the oldest recorded stories known. She has chosen parts of the whole epic and retold them with clarity in her own words.
