# Enemy Rising (Hiro's Quest, No.1)

## Synopsis

In this exciting new chapter book series from New York Times bestselling author Tracey West, a ninja-in-training must use skills he doesn't know he has to defeat a deadly enemy. Hiro had heard stories about Fujita. The evil ninja was said to have mysterious powers. And no ninja who had faced him had lived to talk about it. And now his shadow loomed over Hiro's remote mountain village. Fujita sought an ancient amulet that would bring him one step closer to absolute power over the Kenkoro kingdom. Hiro and the rest of the Hinata family had to find the amulet first. But Hiro still had much to learn, and many ninja skills to master. How could a young ninja-in-training help defeat the most evil ninja in the kingdom?

## Book Information

Lexile Measure: 250 (What's this?)

Age Range: 7 - 10 years

Grade Level: 2 - 5

## Customer Reviews

My son is reading the "Dragon Masters Series" by Tracey West. That series is in the process of releasing the books every couple of months or so. So, in between books, I thought I would get another book written by Tracey West to fill the void in between the next release. He liked it but not as much as the dragon master series we are currently reading. My son has a form of dyslexia, and is reading at below grade level, but needs high interest books, or he won't read them. (or anything for that matter) My 8 year old daughter loved the book! My daughter wants me to buy the rest of the books in the series so she can read them. They are high interest with lots of characters. I enjoyed

the book as well.

This was a really fun bedtime story to read (a chapter book so took several nights). It was full of action and suspense. Perfect for my active boy who has enjoyed Tae Kwon Do and Kung Fu classes, and so could relate to the ideas of ninja training - practice, hard work, and strength against adversity. Maybe a little scary for some, as it did involve bad guys with supernatural powers chasing Hiro and his friends and family. But for an action loving kid, it was a great story. As the parent who had to read it, I appreciated the high quality of the writing. We can't wait to get our hands on more in the series.

Not enough of a story line.
